

So you want to learn to Scuba Dive?

Maybe you want to find people to dive with, or regular charters to take you to some great dive spots in the Tauranga, Bay of Plenty area?

Or perhaps you want to continue your recreational diver training so that you can safely dive to 30 or 40 metres with your buddies?

6.5 billion people inhabit 30% of the planet's surface... the rest is for scuba divers! Experience the exquisite underwater terrain of New Zealand in the Bay of Plenty region, and join millions of scuba divers worldwide who plunge beneath the sea every year for sport, serenity, challenge and freedom!

Earth2Ocean.co.nz is the place to visit for all your scuba diving needs!

Ready to turn your diving into an exciting new career?

You can use your professional diver training to start your own dive business, or work your way around the globe experiencing the best diving our planet has to offer.

Check out the Dive Professional Academy of New Zealand to turn your sport into a lifestyle career!

If you're not quite ready to set up an entire dive center yet, why not come and talk to us about our Dive Leader Work Program - a way for you to be your own boss, run your own business, and still minimise your initial financial outlay by accessing our public pool of training resources.

Want your Child to take weekly Swimming, Freediving or Scuba Lessons?

If you or your child have never learned to swim, there's no better time than now to get those skills! Most kiwi kids can play happily in water... but can they swim, and would they survive?

Maybe your child is ready for something more... when swimming is no longer enough, we have just the underwater activity to keep them enjoying themselves - all year!

There's a new weekly swim program in town that makes being in the water fun, progressive, and safe for kids. Visit our website, Aqua-Evolution.org for more details and enroll your child in the fastest growing swim school in the area today!

Expand your existing Dive Business

Maybe you already have your own dive business, and you want to expand your aquatic training programs to include a specialised survival swimming system for young people. Incorporating survival swimming techniques for children, and style and stamina training for existing swimmers, Aqua-Evolution takes young people on an exciting journey through weekly swimming, snorkeling and freediving, and confined water scuba sessions... all year round!

It's time for you to check out our swim program and swim management system especially designed to complement your dive business.

Visit Aqua-Evolution.org to find out more!

ABOUT 24-7NETWORK:

The focus of the 24-7Network is to create a portfolio of unique and exciting products that develop aquatic sports awareness in young children and adults, while at the same time providing a springboard to eco- and environmental awareness for our guests and the wider community.

Each of the products in our general portfolio focuses on a particular group or experience level, in order to best provide relevant services where our customers need them most. Within each product, sublevels are maintained and monitored to ensure that development of every individual is optimised, and enjoyment of our services is felt by every person who uses them. This system of management of our products makes us a leader in our field, and an excellent resource for new or existing dive and swim businesses.

24-7Network strives to make sure that every activity we offer is:

- Customer Focused
- Quality Assured
- Experience Driven

With the 24-7Network, no matter where you are in the water... we're right there with you!
